

# Always Shine-W

Stainless Steel Cleaner  
Water-Based

**ALWAYS SHINE-W** is a light cream that cleans, polishes and protects all metal surfaces. Quickly removes tough oil-based stains, water marks and spots and stains of food origin from stainless steel, chrome, silver and aluminum. Can be applied directly onto wet surfaces eliminating the need for initial drying necessary with most oil-based metal polishes. Easily wipes off leaving a unique soil resistant coating. Resists finger prints, grease and water spatter. Helps preserve the factory finish. **ALWAYS SHINE-W** is USDA authorized.

**Directions:** Hold can upright. Press button and spray a small area until wet. Use sparingly. Clean with one cloth and polish with a clean, dry cloth. The gloss is renewed and will be retained. The cleaning process is simple. No rubbing is required. Contains no acid or abrasive substances. Will not leave a powdery residue. Not to be used on cooking utensils, such as pots, pans, knives, forks or spoons.

## Areas of Use:

Health	1
Flammability	1
Reactivity	1
Protection	A

- \*Washroom receptacles
- \*Water fountains
- \*Elevator doors
- \*Restaurant fixtures
- \*Kick plates
