

Clean Air

Air in a can
0% VOC

This is a high pressure, ultra pure, moisture free dusting aid that blows microscopic dirt, dust, lint, paper and other contaminants from sophisticated electronic parts. **CLEAN AIR** is excellent for hard to reach areas, has an ozone safe formula, and is completely non-flammable. Spray can features a finger friendly button which helps to reduce finger tip chill and fatigue. **CLEAN AIR** provides the convenience and performance of other products that contain CFC's, but **CLEAN AIR** is completely ozone safe with 0% VOC. Use to clean sensitive areas that may not be able to be cleaned otherwise in order to maintain optimum performance of equipment. After dusting, remove finger prints and smudges from touch screens, copier plates and other sensitive lenses with Omega's **SCREEN CLEAN**.

Directions: Hold can upright, do not invert or shake while using. Hold can 2 inches from surface to be dusted. Use a series of short blasts to clean surface. For pinpoint application, insert extension tube into actuator orifice.

Areas of Use:

- *keyboards
- *scientific equipment
- *disk drives and cartridges
- *instruments
- *magnetic tapes
- *optical pickups
- *computer printers
- *fax machines

Health	1
Flammability	0
Reactivity	1
Protection	B

Appearance and odor.....	Colorless liquid, ether-like odor
Specific Gravity.....	Concentrate - 1.203
Propellant.....	Unknown
VOC.....	0%
NFPA Fire Rating.....	Non-flammable Spray
