

Desert Air 100

Tobacco neutralizer and
air freshener

DESERT AIR 100 is a totally new concept in odor removal. This unique new air freshener forms a cloud of negatively charged ions that neutralizes unpleasant odors caused by smoke from cigars, cigarettes, pipes and smoke from fires. **DESERT AIR 100** is totally dry, this special formulation penetrates to all corners of the room to neutralize all odors with no messy wet fallout like many old fashioned sprays. The special valve allows the can to spray, even in an inverted position for hard to reach areas such as air conditioning ducts and fireplaces. Great for use in meeting rooms, public buildings, restaurants, colleges, hospitals, designated smoking areas, offices, and anywhere else there are odors from smoke of any kind. To clean nicotine stains from surfaces use Omega's **MEGA POWER** heavy duty cleaner.

Directions: Spray **DESERT AIR 100** wherever smoke odors or any other odors occur.

Areas of Use:

- *hotels
- *apartment complexes
- *casinos
- *office buildings
- *custodial services
- *cities and counties
- *college districts
- *restaurants
