

E-Z Kleen Xtra

Odorless foaming
coil cleaner

E-Z KLEEN XTRA is a foaming, odorless cooling coil cleaner that is formulated to penetrate into air conditioner evaporator/condenser coils and fins to remove all types of soils. It is safe and easy to use, contains no harsh fumes, and no acid, plus it is biodegradable and non-polluting. The stream spray allows **E-Z KLEEN XTRA** to be dispersed deep into the fins of the coil and the thick foam increases dwell time and enhances cleaning ability. Upon contact with the surface of the coil, this product begins to react & flush soil to the surface. Does not need to be rinsed if applied to a functioning unit that produces moisture. **E-Z KLEEN XTRA** effectively removes grease, oil and water deposits with no odor whatsoever. Ideal for use in areas where scents and odors of any kind are not welcomed. Increases air flow and unit efficiency to save energy. Helps keep drip pans and drain lines clean, free flowing and odor free. Packaged in an extra large 21.5 oz. can to tackle larger units and multiples easily.

Directions: Spray product onto air intake side of coil. Hold container 6-8 inches from surface. Direct the spray between the fins allowing product to penetrate to inner surfaces. Turn unit on to create moisture that will rinse product from surfaces contacted. For units that are not operational or do not produce moisture, simply rinse with water.

Health	3
Flammability	4*
Reactivity	0
Protection	G

*concentrate only

Areas of Use:

- *apartments
- *retirement communities
- *cold storage
- *hotels
- *ice machines
- *schools
- *office buildings
- *hospitals
- *window units
- *vehicle radiators

Appearance and odor.....	White foam, No odor
Specific Gravity.....	Concentrate - 1.04
Propellant.....	Mixture
VOC.....	17.8%
NFPA Fire Rating.....	Non-flammable Spray
