

Fast & Fast Jr

Penetrating Oil
USDA approved

FAST/FAST JR. is a revolutionary product that features fast penetrating action and the power to break free rusted or seized parts. **FAST/FAST JR.** penetrating oil is designed to quickly displace moisture, penetrate through rust and corrosion, clean and lubricate moving parts, and improve electrical properties. **FAST/FAST JR** is non-flammable and is non-conductive up to 30,000 volts. Meets Mil. Spec. C-23411, and will not harm most plastics making it an ideal penetrating lubricant for all applications.

This product works well on machinery that has been exposed to moisture. It will dissolve grease, penetrating into frozen parts to break loose rust and corrosion. When replacing rusted bolts use Omega's **NO MESS ANTI- SEIZE** to prevent them from rusting and seizing again.

Directions for Use:

Spray heads of nuts and bolts liberally, and let set while **FAST /FAST JR** penetrating formula goes to work. For wet ignition system: remove distributor cap and spray directly onto contacts to restore system. For wet breakers and switches, spray directly onto wet contacts to restore connection.

Areas of Use:

- *marine applications
- *refrigeration equipment
- *start wet engines
- *municipalities
- *vehicle maintenance shops
- *motors
- *generators
- *equipment maintenance

Health	2
Flammability	0
Reactivity	1
Protection	G

Appearance and odor.....	Clear spray, chlorinated solvent odor
Specific Gravity.....	Concentrate - 1.44
Propellant.....	Carbon Dioxide
VOC.....	0%
NFPA Fire Rating.....	Non-flammable Spray
