

Grease-It White

Food Grade Grease

This high purity white food grade grease is designed to meet the specialized needs of the food and pharmaceutical industries. It meets nearly all requirements of the industry and all requirements of the FDA and USDA. It has an outstanding load carrying ability and performs well in a wide temperature range. **GREASE-IT WHITE** provides excellent water and steam resistance in addition to outstanding temperature stability in order to withstand the high and low temperatures common to the food processing industry (0° to 450°). It is resistant to food acid attack, rust and oxidation. **GREASE-IT WHITE** also provides excellent adhesion and resists throw off. Complies with FDA regulations CFR Title 21, PAR 178.3570. USDA H1, NLGI 2, Timken Load 40.

Directions: On first application, force sufficient **GREASE-IT WHITE** through the bearing or fitting in order to flush out all the old grease and contaminants. Where possible, wash out all old grease entirely, and replace with **GREASE-IT WHITE** for maximum protection.

Areas of Use:

- *food processing industry
- *bottling plants
- *wineries
- *pharmaceutical companies
- *water purification plants
- *food warehouse equipment
- *packaging assembly lines

Health	1
Flammability	0
Reactivity	0
Protection	B

Appearance and odor.....	White gel, mild odor
Specific Gravity.....	Concentrate - 0.89
VOC.....	<5%
NFPA Fire Rating.....	Non-flammable
