

Grease It

High quality greases

The entire line of **GREASE IT** products are formulated to lubricate exceptionally well and last through a variety of conditions. These petroleum based greases have the perfect additive mixture to provide superior wear and protection.

GREASE IT RED: All Purpose extra heavy duty, non-melt grease for most any application. Performs at temperatures up to 500°. Resists most acids, salt spray, steam, water, dust, dirt, oxidation and weather. Excellent adhesive and cohesive properties as well as rust and corrosion inhibitors. 65 Timken Load.

GREASE IT GREEN: Specially formulated to withstand extreme pressure and temperatures, heavy impact and pounding. Maintains good shear stability and long life. Waterproof and wash-out resistant, resists rust and oxidation, water and salt spray. Provides extra cushioning to reduce shock and noise and will not sling off or squeeze out. Effective to 500°. 65 Timken Load.

GREASE IT BLUE: Premium grade heavy duty industrial grease designed for extended life. This lithium complex grease resists thinning or hardening in service to provide excellent shear stability and pumpability. Excellent for centralized lubricant system, reduces grease consumption and extends lubrication cycles. Use for a wide range of applications. Effective from -4° to over 500°. 60 Timken Load, USDA H2.

Directions: On first application, force sufficient **GREASE IT** through the bearing or fitting to flush out all the old grease and contaminants. Where possible, wash out all old grease entirely, and replace with **GREASE IT** for maximum protection.

Areas of Use:

- *construction machinery and equipment
- *automotive uses
- *marine uses
- *anywhere excellent lubrication is desired

Red, Green, Blue

Health	1
Flammability	1
Reactivity	0
Protection	-

Appearance and odor.....	Various color gel, Petroleum odor
Specific Gravity.....	N/A
VOC.....	N/A
NFPA Fire Rating.....	Flammable
