

# Insect Repel Bands

Insect repellent wrist bands

**INSECT REPEL BANDS** can be worn on a wrist, or fastened to belt loops, toolbelts, work area materials, etc. to effectively repel flying insects for up to 15 feet from band. A must have for anyone who works outside to repel disease carrying mosquitos and annoying flies. Has a breakaway feature for safety and the repellent protection will not wash off with water or perspiration. When kept in its plastic container, **INSECT REPEL BANDS** can be re-used for up to 120 hours! The active ingredient, Geraniol, has been tested to be more effective than Citronella.

**Directions:** Fasten to wrist, toolbelt, hatband or nearby equipment to effectively repel flying insects. Store in plastic container when not in use.
