

Mega Clear

Foaming Glass Cleaner
USDA Approved

This product has been uniquely formulated to create a residue-free cleaner that eliminates spots, film and streaks. It is strong enough to dissolve grease, dirt, smoke film, finger marks and other smudges. **MEGA CLEAR** may be used on any surface that is not harmed by water. Leaves glass sparkling clean, and over-spray dries crystal clear, keeping just cleaned areas from having to be cleaned again. Great for use as a general purpose cleaner for plastic, vinyl, plexiglass, chrome, porcelain, counters and tabletops, tile and vinyl. **MEGA CLEAR** is ideal for use on verticle applications such as windows, doors and moulding because the thick foam stays where it is sprayed instead of running down and making a mess. Authorized by USDA for use in federally inspected meat and poultry plants. Very low VOC formula, exceeds California's VOC standard.

Directions: Spray area to be cleaned and wipe with a dry cloth, polish with a fresh towel if desired for added shine.

Areas of Use:

- *windows
- *doors and mouldings
- *windshields
- *showcases
- *CRT & TV screens
- *copy machines
- *vehicle garages
- *office buildings
- *schools
