

Premium Graffiti Coating

Premium Graffiti Coating is a high quality industrial strength quick drying Polyurethane sealer. This product performs the functions of a super binder, filler curing membrane all in one. Unlike most other products on the market, this sealer can be used inside or outside without discoloration. **Premium Graffiti Coating** is recommended for use on old or new concrete floors, terrazzo, outside exposed aggregate or any masonry surface. **Premium Graffiti Coating** covers approximately 300-500 square feet per gallon with a drying time of only 1 hour. For best results, lightly etch concrete surfaces to be sealed with Omega's **CON RENEW** to ensure optimal adhesion.

Directions: Clean all dirt, oil, and grease from surface to be sealed with Omega's **MEGA POWER** heavy duty degreaser. Apply with lamb's wool applicator, brush or roller. One coat is generally sufficient, however highly porous floors may require a second coat.

Areas of Use:

- *warehouses
- *industrial facilities
- *school districts
- *cities and counties
- *kennels
- *building maintenance
- *paint departments
- *amusement parks
- *maintenance shops
- *equipment repair shops
- *dealerships

Health	1
Flammability	2
Reactivity	0
Protection	B

Appearance and odor.....	Clear yellowish liquid, Characteristic odor
Specific Gravity.....	Concentrate - 0.910
VOC.....	Not Determined
NFPA Fire Rating.....	Flammable
