

Quick

Heavy duty porcelain
and tile cleaner

QUICK is a heavy duty descaler and delimer for toilet bowls, urinals, porcelain, tile and other hard surfaces. This mixture of hydrochloric and phosphoric acids is very effective and works quickly. Why waste time or replace fixtures when **QUICK** will do the job! This very aggressive hard water stain and rust remover efficiently removes the toughest stains and buildup, and it will even remove urinal and toilet bowl rings instantly. **QUICK** is a very powerful cleaner and should not be used for everyday toilet cleaning, instead use Omega's **SPEEDY CLEAN** or **PINK CADILLAC** for daily cleaning tasks.

Directions: FOR TOILETS AND URINALS: Squirt **QUICK** on the inside of fixture surface and distribute evenly with bowl mop. Allow to stand for up to 5 minutes, then flush to rinse. TO CLEAN TOILET TANKS: Pour 1 to 2 ounces of **QUICK** into tank and allow to work for 5 minutes before flushing.

Areas of Use:

- *public restrooms
- *municipalities
- *schools
- *shopping malls
- *apartment complexes
- *amusement parks
- *custodial/janitorial services
- *water treatment plants
