

Renew

Steam & extractor carpet
shampoo concentrate

RENEW is a powerful, dilutable cleaning solution for use with carpet extraction machines that contains brighteners and anti-foam agents. This no suds formulation will remove all deeply imbedded dirt, freshen carpets and impart new life and lift. Renew contains optical brighteners, is biodegradable, fast drying and carpets and upholstery will dry odor free.

The standard dilution ratio of 1.5 - 2 oz. per gallon of water uses a pH range of 8.0, which makes **RENEW CARPET EXTRACTOR** solution safe for use on new carpet fibers and all color fast materials such as cotton and synthetic fibers. Use Omega's KO'D carpet spotter for pre-spotting heavily soiled areas and for spot cleaning between extraction cleanings to keep carpet looking its best.

Directions: Vacuum carpets before use. Mix approximately 1.5 oz. of **RENEW** with 1 gallon of water. Amount may need to be increased for extremely dirty carpets. For bonnet cleaning of high traffic areas, use Omega's **QUICK DRY RENEW**.

Areas of Use:

- *office buildings
- *theatres
- *school districts
- *churches
- *janitorial services
- *shopping malls
- *hotels
- *hospitals
