

Repel Pin

Insect Repellent

The **Repel Pin** repels flying biting insects and many other annoying flying pests. The **Repel Pin** is not activated until the package is opened. Once opened, they are effective for up to 175 hours. With the EPA recently banning certain chemical repellents, the **Repel Pin** has become the solution to toxic, greasy, lotions and sprays. The **Repel Pin** is simply the best natural insect repelling product available.

Directions: Open package and pin it on.

Areas of Use:

- *park and recreation departments
- *utility companies
- *water treatment plants
- *golf course maintenance
- *amusement park workers
- *cities and counties
