

# Rough Man Hand Towels

Industrial hand towels

These heavy duty hand cleaning towels will cut through tar, grease, wax, ink, lubricants and adhesives, plus effectively remove lead and reduce exposure to heavy metals. **ROUGH MAN HAND TOWELS** will not scratch, are gentle to the skin and leave no residue. The towels have an abrasive side and a smooth side for increased efficiency and cleaning power. **ROUGH MAN HAND TOWELS** can also be used to clean surfaces such as tool handles, workbenches, vehicle interiors that have been soiled with grease and oil, and many other non-porous surfaces. Great for use on job sites and work areas where water is not available. Keep a canister in your vehicle for on the spot cleaning whenever needed. When out on the jobsite, be sure to protect yourself from the sun's harmful rays with Omega's **PROTECTOR SPF 45** sunscreen.

**Directions:** Scrub soiled surface or hands with abrasive side of wipe until soil is loosened, then use the smooth side to wipe clean. **ROUGH MAN HAND TOWELS** can be used on most all washable surfaces.

**Areas of Use:**

- \*construction
