- *elder care facilities
- *public areas
- *restrooms
- *meat and poultry plants
- *hotels
- *apartments

This product is a penetrating foam that cleans, disinfects and deodorizes in one step. **SAN CLEAN** eliminates the breeding sources of bacteria and viruses on hard surfaces. Provides a mildewstat on hard surfaces to kill mold and mildew plus help prevent re-growth. Kills germs that cause flu, pneumonia, staph infections, cold sores, food poisoning, plus eye and skin infections. Also effective against Influenza A2/Hong Kong virus, Herpes Simplex Virus Type 1 and Type 2 (genital), HIV-1 (AIDS virus). **SAN CLEAN** can be used to clean plastic, vinyl, porcelain, stainless steel, wood, formica, sinks, tubs, painted surfaces, and much more. Will also protect against fungi in public restrooms, shower stalls, and locker rooms with surfaces commonly contacted by bare feet. Authorized by USDA for use in federally inspected meat and poultry plants.

Directions: TO CLEAN: spray evenly over surface, wipe clean. For heavily soiled surfaces, allow foam to remain for a minute before wiping.

TO DISINFECT: Clean surface thoroughly as directed above. Spray a thin coat of foam making sure all areas to be disinfected are covered. Allow to remain at least 10 minutes, then wipe with a clean, damp cloth. After using on food processing equipment, rinse with potable water.

MILDEWSTAT: To control and prevent mold on non-porous surfaces, spray surface to be treated and allow to dry. Repeat application as needed to prevent new growth.

For special instructions to decontaminate areas soiled with bodily fluids against HIV virus, see side panel of can.

Health	1
Flammability	0
Reactivity	0
Protection	B

Appearance and odor.....	Clear liquid, lemon scent
Specific Gravity.....	Concentrate - 1.02
Propellant.....	Propane
VOC.....	7.9%
NFPA Fire Rating.....	Non-flammable Spray
