

Sani Foam A

Foaming Alcohol Hand Sanitizer

SANI FOAM A is an alcohol hand sanitizing foam that will not dry out skin and has cucumber melon fragrance. Kills 99.99% of most common germs that cause illness in as little as 15 seconds. Its compact size is handy to carry anywhere and has up to 150 uses per mini pump bottle! Stop wasting time going back and forth to the sink to keep your hands free of bacteria. **SANI FOAM A** individual size can be placed inconspicuously in a vehicle glove compartment, tool box, pocket, plus many other handy locations so that it is always available when needed. Larger size can be place in a central location to share in an office, shop, classroom, or anywhere else. Needs no water or towels. **SANI FOAM A** comes in a individual size and desktop size.

Directions:

To decrease bacteria on skin, dispense one to two squirts of **SANI FOAM A** onto palm and rub hands together until dry. Use as needed between hand washing to reduce bacteria on the skin.
