

# Seek the Leak

Gas leak detector

**SEEK THE LEAK** instantly detect leaks in gas conducting systems. May be used in refineries, chemical plants, industrial applications, gas chromatography instruments, air conditioning, refrigeration, bottling lines, air brakes, natural gas lines and other pneumatic systems. **SEEK THE LEAK** has been tested safe for use with oxygen, and is non-staining so it is safe to use everywhere. Wide temperature range, 30° to 200° F, for maximum versatility. The slightly viscous formula ensures that **SEEK THE LEAK** stays where it is applied to allow for the most effective detection of leaks.

**Directions:** Remove outer cap. To reach hard to test areas, extension tube in bottle can be used at any length up to 12 inches by pulling from bottle. Apply to test area, if leaks are present small visible bubbles will appear. Bubbles are long lasting for ease of detection.

**Areas of Use:**

- \*cities and counties
- \*hotels
- \*hospitals
- \*food plants
- \*equipment maintenance
- \*industrial facilities
- \*amusement parks
- \*warehouses

Health	0
Flammability	0
Reactivity	0
Protection	n/a

Appearance and odor.....	Clear light green liquid, No odor
Specific Gravity.....	Concentrate - 1.05
VOC.....	ND
NFPA Fire Rating.....	Non-Flammable
