

Soy Solv

Safe solvent degreaser

SOY SOLV is an earth friendly, biodegradable solvent made from 100% soy bean oil, a renewable resource. This industrial strength formula flushes away grease and oil, removes tar and asphalt, and cleans away ink, dirt, and grime. **SOY SOLV** is a safe product that rinses away with water and is a completely non-flammable spray with no harsh fumes. This non-petroleum solvent can be used to easily clean industrial parts and equipment, automotive and aircraft parts, engines, tools, printing presses, concrete floors, motors, construction equipment, pumps, generators and much more! Surfaces flushed clean with water will be residue free. **SOY SOLV** is the perfect biodegradable cleaning solution for environmentally sensitive cleaning needs, and for those who want to do their part to protect our natural resources. Use Omega's **MUSCLEMAN** hand towels to clean any residue of removed ink, tar and dirt from hands.

Directions: Shake well. Saturate area to be cleaned with **SOY SOLV**. Allow to stand for a few seconds as needed, then flush clean with product. For a residue free surface, rinse with water. Product left on surface without water rinse may be slightly oily, but will rinse clean with water.
