

# Super Block & Super Block Mini

Deodorizer Blocks

**SUPER BLOCK** is a deodorant block and it is designed to control and deodorize any stagnate or flowing body of water. Its combination of chemicals and deodorizers are designed to clean scum, slime and other accumulations. Perfect for drains, water fountain drains, sewers and water treatment facilities. It is specially formulated to eliminate slime and odor before it happens. **SUPER BLOCK** is biodegradable, non-toxic, non-fuming, non-corrosive, non-hazardous, no caustics, no acids, no ozone depleting chemicals, ph neutral, and environmentally safe. Also available in smaller size **SUPER BLOCK MINI**.

**Directions:** The **SUPER BLOCK** or **SUPER BLOCK MINI** must be totally immersed in water and secured by a net and a rope in a flow type application such as sewers. In stagnate water application such as collection tanks or clarifiers agitation may be required to disperse the active ingredients.
