

Tire Shine

Tire & bumper dressing

TIRE SHINE cleans, shines and protects rubber surfaces from cracking or fading in one simple step. Just spray on and walk away; no rubbing or wiping required, no mess! Dries quickly and will not streak. **TIRE SHINE** dissolves dirt, shines sidewalls and protects any rubber surface including wheel covers, mud flaps, trim and bumpers. Keeps exterior rubber surfaces looking great and lasting longer. When using on trim, protect glass surfaces. Remove overspray with Omega's **MEGA CLEAR** streak free glass cleaner to prevent smearing. For interior surfaces use Omega's **RESTORE** cleaner and protectant for vinyl, rubber, and dashboards. To complete your vehicle's detail, also use Omega's **HI SHINE** for a deep shine and protective coating on all hard surfaces including paint and chrome.

Directions: Shake well. Hold can 8-10 inches from surface and spray evenly until completely covered. Can even be applied on wet tires.

Areas of Use:

- *fleet vehicles
- *busses
- *municipal vehicles
- *golf carts

Health	1
Flammability	0
Reactivity	0
