

Total

Complete surface care
Clean, polish & deodorize

TOTAL is specially formulated to clean and shine a wide variety of surfaces in one easy application. The special non-silicone formula polishes and shines without leaving a greasy film to attract dust, deposits and fingerprints. It has UVX to guard against harmful UV rays which can damage and fade surfaces over time. **TOTAL** is a professional strength cleaner, with a polish and deodorizer built in that is great for a multitude of surfaces, including wood, marble, granite, hard plastics, stainless steel, formica, chrome, aluminum, vinyl, laminate, corian, etc., reducing the need for multiple cleaners and deodorizers! **TOTAL** also contains SFX, a unique static guard to reduce electrical charges that can cause surfaces to attract dust. The thick foam helps this product stay where it is sprayed, even on verticle surfaces. **TOTAL** is not recommended for glass, use Omega's **MEGA CLEAR** streak free glass cleaner.

Directions: Shake well. Hold can 6-12 inches from surface. Use a light spray, do not over apply. Wipe with a clean dry cloth.
