

X-42

Chain and cable lubricant

X-42 chain and cable lubricant is specially formulated to repel dirt, sand and dust, leaving chains and cables clean and minimizing the wear and tear on moving parts. **X-42** helps to extend the life of chains and cables saving the cost and time of unnecessary replacement and maintenance costs. **X-42's** unique foaming action permits superior penetration of links, tight fitting pins, and rollers to help reduce the amount of runoff. Special additives create an ionized attraction that resists 'throw off' caused by the centrifugal force generated at high speeds. Less 'throw off' provides a more economical product due to reduced need for reapplication. **X-42** is designed for use on conveyors, hoist chains, link and roller assemblies, road and construction machinery, material handling equipment, chainsaws, motorcycles and other chain driven equipment.

Directions: For best results, ensure that area to be lubricated is clean by using Omega's **MEGA POWER** heavy duty cleaner and degreaser. Shake well before use. Hold can 6-10 inches from surface to be lubricated and spray liberally.

Areas of Use:

- *cities and counties
- *shopping malls
- *amusement parks
- *groundskeeping departments
- *equipment maintenance
- *marine applications
- *school districts

Health	1
Flammability	2
Reactivity	1
Protection	A

Appearance and odor.....	Straw colored liquid, mild petroleum odor
Specific Gravity.....	Concentrate - 0.92
VOC.....	20%
NFPA Fire Rating.....	Flammable
