

Fresh and Clean

Fabric/Carpet Cleaner & Deodorizer

Fresh and Clean provides a two-phase approach to cleaning and deodorizing carpet and fabric. First, the unique natural chemical system instantly deodorizes and dissolves embedded grime and organic matter. Second, the bio-enzymatic activity begins breaking down the organic residue, eliminating stains and odors at the source. Removes milk, blood, wine, vomit, urine and feces. **Fresh and Clean** provides a safe, natural solution to cleaning and deodorizing carpet and fabric without endangering humans or risking environmental harm.

Directions: Shake can. Invert and spray carpet or fabrics from about 24 inches. Allow foam to remain several minutes. Remove with damp sponge or cloth. For stubborn stains, re-treat area. For severe organic stains and odors, cover the treated area with a damp towel. Keeping the area moist will allow bacteria to continue working longer.

Areas of Use:

- *Carpet
- *Upholstery
- *Curtains
- *Kennels
- *Restrooms
- *Trash areas
- *Locker rooms
- *Retirement facilities

Health	1
