

Plug It

Spill Control

Plug It seals off gasoline, diesel, solvents, and other chemicals. **Plug It** seals immediately and sticks to dirty, crumpled surfaces even with the fluid flowing out. No surface preparation is required. It will plug up to 3' of head. Not recommended for some bio-fuels and some chemicals. **Plug It** is ideal for including with a spill response kit.

Directions: Put on latex gloves. Take a handful of **Plug It** and apply it directly into and around the edges of the leak. Work it and press down to get good adhesion. Apply enough **Plug It** to get a good thick layer over the leak. Additional **Plug It** can be added over the top. Not for use on Urethane or Teflon surfaces. **Plug It** will hold up to 2-3' of head. **Plug It** is only a temporary plug. This product is not recommended for bio-fuels acids, bases or oxidizers.

Health	0
Flammability	0
Reactivity	0
Protection	N/A

Appearance and odor.....	Gray heavy paste-like consistency, odorless
Specific Gravity.....	Concentrate - 1.4
VOC.....	N/A
NFPA Fire Rating.....	Non-Flammable
